4201 Second Street NW
Albuquerque, NM 87105

Dear Ms. Gutierrez,

The members of the Albuquerque Affiliate of the Automobile Service Association whole heartedly support the concept of recycling in the day to day running of our businesses. We applaud you for coming up with a document that will guide those who are not as educated in the area of recycling as some. Please accept our endorsement for the publication Fine Tune Automotive Shop Wastes as a way to accomplish those goals.

Respectfully yours,

Jacqueline M. Fox
President
